

About the Stock Route Management Plan

Maranoa Regional Council invites the public to provide feedback on the DRAFT Stock Route Management Plan 2024-29 for the Maranoa Region. The Plan addresses the use and management of the stock route and facilities. It sets Council's objectives and management strategies for the next five years and outlines Council, user and landowner responsibilities.

Feedback closes at 5pm on Tuesday, 9 July 2024.

STOCK ROUTES

1. Do you, or have you in the past, utilised the Stock Route Network in the Maranoa Region?

| | Yes | No |
|---|-----|----|
| Stock Movement | | |
| Stock grazing or emergency fodder | | |
| Non-pastoral (e.g. bee keeping, firewood) | | |
| Community activities | | |
| Public infrastructure and utility | | |
| Recreation and tourism | | |
| Cultural and environmental value | | |

2. Please share any environmental, social, cultural, or economic values you have and would like to see protected relating to the Stock Route Network in the Maranoa Region.

3. If the land you manage adjoins the Stock Route Network in the Maranoa Region, please share any management challenges or opportunities.

4. Do you have any comments?
